Joy to the World

Joy to the world! The Lord is come;
Let earth receive her King;
Let ev'ry heart prepare Him room,
And heav'n and nature sing,
And heav'n and nature sing,
And heav'n and nature sing.

The Academic Regalia

The pageantry and dress of the academic procession have been inherited from the medieval universities of the eleventh and twelfth centuries.

Academic life as we know it today began in the Middle Ages, first in the church, then in the guilds. The teaching guild was the guild of the Master of Arts, where the bachelor was the apprentice of the master and the dress was the outward sign of privilege and responsibility.

Principle features of academic dress are the gown, the cap and the hood. In early days it became necessary for universities to set rules to preserve the dignity and meaning of the academic dress. Both Cambridge and Oxford since the fifteenth century have made academic dress a matter of university control even to its minor details, and have repeatedly published revised regulations.

American universities agreed on a definite system in 1895. In 1932 the American Council of Education presented a revised code which for the most part governs the style of academic dress today.

The Gown: The flowing gown comes from the twelfth century. While it originally may have been worn as protection against the cold of unheated buildings, today it has become symbolic of the democracy of scholarship, for it covers any dress or rank of social standing underneath.

It is black for all degrees, with pointed sleeves for the bachelor's degree; long closed sleeves with a slit at the arm or wrist for the master's degree; and full bell double sleeves for the doctor's degree. Bachelor's and master's degree gowns have no trimming. For the doctor's degree the gown is faced down the front with velvet and has three bars of velvet across the sleeves, the color distinctive of the faculty or discipline to which the degree pertains.

The Cap: When Roman law freed a slave, he won the privilege of wearing a cap. And so the academic cap is a sign of freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book. The color of the tassel denotes the discipline.

The Hood: The hood is trimmed with one or more chevrons of a secondary color on the ground of the primary color of the college. The color of the facing of the hood denotes the discipline represented by the degree. The color of the lining designates the university or college from which the degree was granted.

For all academic purposes, the colors associated with the different disciplines are as follows:

Agriculture.....	Maize
Arts, Letters and Humanities	White
Commerce, Accounting and Business.....	Drab
Dentistry	Lilac
Economics	Copper
